# Curiosity Walks

Exclusively for our clients, our **Curiosity Walks** are an opportunity to step away from your desk and **immerse yourself** in an **experience** that will **engage your creativity**

## Why **Join Us?**

During a curated 2 hour walk we will visit locations that bring cross-category trends to life, supercharging your time with inspiration that you can immediately apply at work

Learn to see things in a new light, let your brain make new connections, and apply your thinking to your projects. The more you practice making new connections, the easier it becomes, especially when we all struggle to find time to think. Let's experience the outside world IRL, rather than from behind a desk

With some light touch facilitation, we look forward to encouraging you to become a Flaneur, French for a keen-eyed stroller

Join us **24th October or 21st November** from **3-5pm**

**Coffee or drinks afterwards are optional.**

With a maximum of 5-8 people per trek, we aim to have participants from different teams and companies join us for networking, inspiration and ideas

To sign up simply email [patrizia@paraffin.ltd](mailto:patrizia@paraffin.ltd) or scan the QR code. Events are free and by invitation only

**WE LOOK FORWARD TO SEEING YOU THERE!**
